PROGRESS REPORT NO. 8

Report Period 5/1/66 - 5/31/66

MULTI-PURPOSE DATA BLOCK READER

25X1A

Submitted By:

A rectangular box used to redact the signature of the Program Director.

Program Director

A. CURRENT STATUS

25X1A During May, the subsystem evaluations were completed and testing with data blocks on film was initiated. The availability of film test material from the customer and within will allow preliminary evaluation of the system by reading 9 of the 11 data formats. The results of this evaluation and the system description will be incorporated in the final report and submitted to the customer by 30 June 1966.

B. PROJECTED WORK

- 1) Complete electronic, optic and mechanical subsystem tests to the extent that availability of equipment and test material with data blocks will allow.
- 2) Complete and submit final report.
